Revised February, 2017

SPECIFICATION SHEET

Product: TINTS-ALL UNIVERSAL COLORANT

Use:

Tinting of all paints – water or oil.

Features:

Tints oil base and water base paints. Compatible with nitrocellulose lacquers, acrylic lacquers, polyurethanes, and epoxies.

Colors:

Available in 34 specially formulated decorator colors

Type:

Various organic and inorganic pigments dispersed in a propriety surfactant.

Thinning:

If required, use the primary solvent in the coating to be tinted.

Application:

For tinting only. Does not dry.

NOTE: The Tints-all colorants are all mutually compatible, thus an infinite variety of shades and tones. Colors are achievable by using more than one colorant in a batch. None of the tints-all colorants contain lead, cadmium, mercury, or other heavy metals. The surfactants used in the tints-all colorants are non-ionic and biodegradable.

Spec:

See: Safety Data Sheet for specific color.

Caution:

Do not use over 8 ounces per gallon of paint. Make sure colorant is completely dispersed before applying the coating.

Warranty:

The Sheffield Bronze Paint Corporation warrants our products to be free of manufacturing defects in accord with applicable Sheffield Bronze Paint Corporation quality control procedures. Liability for products proven defective, if any, is limited to replacement of the defective product or the refund of the purchase price paid for the defective product as determined by Sheffield Bronze Paint Corporation. NO OTHER WARRANTY OR GUARANTEE OF ANY KIND IS MADE BY SHEFFIELD BRONZE PAINT CORPORATION EXPRESSED OR IMPLIED, STATUTORY, BY OPERATION OF LAW OR OTHERWISE, INCLUDING MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.
