

ReRack

Vinyl Rack Repair

ReRack flexible specialty rubber coating exhibits excellent adhesion to dishwasher and other vinyl coated racks. ReRack is ideal for touching up rusted and damaged dishwasher racks and eliminating the transfer of rust onto dishes. This high-strength formula is heat and water resistant, will not peel or pop off during high water pressure washes, and will bond to most pre-coated vinyl wire racks including: shower caddies, wire closet / shoe organizers, and draining racks. ReRack synthetic rubber coating will last and provide protection for years. Available in 1-oz Brush-In-Cap carded.

For preparation cleaning, pure Isopropyl Alcohol is advised.

Features:

- Wont' crack, chip, or become brittle
- Resists heat, high water pressure
- Protects against rust
- Easy to use
- Color: White
- Available in 6 packs
